

Dear Partners,

We would like to inform you that, as of today, Tuesday 17 June, the benefit associated with the **Multiple Trips modality** has been adjusted to offer a 5% discount on the regular fare.

This benefit will apply when two round-trip services to Machu Picchu are booked, or when a combined itinerary is reserved under the Multiple Trip modality, including the PeruRail Titicaca service. In other words, **the 5% discount will apply to all segments** as long as the itinerary includes two or more travel segments with PeruRail.

Please note that this change will apply to new bookings, as well as existing ones that undergo any modification. **The following changes will be exempt:**

- Seat reassignment or change
- Service downgrade
- Partial refunds
- Passenger data updates

We appreciate your continued support. For more information or assistance, please contact your Sales Executive or the Reservations Department.

Kind regards,

PeruRail Commercial Team
