### **PRESS RELEASE**

PeruRail S.A., railway operator on the southeastern route of the country, informs its passengers, travel agencies, tour operators and the community in general that, as of today, Monday, April 6, railway operations will resume on the Machupicchu – Hydroelectric route.

We adopt this measure in compliance with the notification of the concessionaire Ferrocarril Transandino S.A., confirming that on Sunday, April 5, the necessary works were completed to restore the road of the Machupicchu – Hydroelectric section, suspended by a landslide that affected Km 115 in the Mandor area.

We appreciate your waiting and understanding.

Sincerely,  
**PeruRail S.A.**
