

Information update: PeruRail Titicaca

Cusco, August 8th, 2026
10:30h

PeruRail informs that, following the landslides and rockfalls reported at Km 284.500 along the Juliaca–Cusco railway line, Ferrocarril Transandino S.A., the concessionaire of the railway infrastructure in the southern and southeastern regions of the country, has suspended rail operations between Km 284 and Km 285.

Due to this situation, our PeruRail Titicaca service will operate under a bimodal transportation system (bus + train) according to the following itinerary:

Service	Train departure from Puno	Arrival in Mollebamba (KM 280)	Bus arrival in Cusco	Bus departure from Cusco	Arrival in Mollebamba (KM 280)	Train arrival in Puno
PeruRail Titicaca 19	07:50	16:30	18:45			
PeruRail Titicaca 20				07:30	09:30	18:45

This operation will remain in place until the necessary safety conditions are in place, and the concessionaire authorizes the operation of trains along this section of the railway.

For further information and assistance, please contact our Call Center at 01 625 4848 or your Sales Executive.

We reiterate our commitment to the safety of our passengers and appreciate your understanding regarding any inconvenience that this situation, which is beyond our control, may cause.

Sincerely,

PERURAIL S.A.
